

Premium Pool Salt

Pool Pro is a proudly Australian owned and operated family business. From small beginnings in 1993, we now offer one of the largest ranges of pool and spa chemicals and equipment in Australasia. We actively support privately owned independent pool shops and wherever possible Australian Made goods. Pool Pro is simply a better choice for your pool.

FOLLOW INSTRUCTIONS BELOW PRIOR TO ADDING SALT

Have your pool water analysed by a pool professional to be sure pH and chlorine levels are within the recommended ranges and to be certain of the quantity of salt required for your pool.

1. Turn off salt chlorinator.
2. Disconnect automatic cleaner.
3. Do not place salt bag on any wet surface.
4. Do not throw salt bag into pool.
5. Open bag via the Easy Open tab & pour contents into the shallow end.
6. Brush salt thoroughly to dissolve.
7. Dispose of empty bag thoughtfully.
8. Ensure salt is completely dissolved prior to reconnecting automatic pool cleaner and/or turning salt chlorinator back on.

Get the most out of your Pool Pro Salt

WARNINGS: This bag is not a toy. Keep away from children. This product is only to be used in swimming pools for the purpose of salt water chlorination. Store this product in a dry place away from direct sunlight. The POPS Group Pty Ltd does not guarantee a clear pool in each instance and accepts no liability for any loss or damage arising from the use of Pool Pro Premium Pool Salt.

CONDITIONS OF SALE: The use of this material is beyond the control of the distributor, seller and manufacturer; no warranty express or implied is given by them (other than conditions of quality or fitness under State or Territory legislation) in relation to its use; the buyer assumes all risk and responsibility for any consequence whatsoever from the

use of this material. Not to be used for any purpose, or in any manner contrary to this label, unless authorised under appropriate legislation. Never add water to chemicals, always add chemicals to water. Not to be used as a food container.

STORAGE: Store in an indoor, clean, dry location away from direct sunlight. Conditions less than 75% relative humidity are most suitable as fine grain salt is susceptible to caking.
